**STATE INCOME TAX**

"And it came to pass in those days that there went out a decree from Caesar Augustus that all the world should be taxed."

"And all went to be taxed, every one into his own city."

The quoted excerpt might well be from some modern book instead of the Bible. It aptly and truthfully describes the situation today both in nation and state, and for that matter in the entire world.

We are not so much concerned with the troubles of other nations but we do have more than a passing interest in the impost levied upon us by the late legislature. Far be it from me to indulge in any capricious criticism of our solons. They were told in plain, simple language by Governor Merriam that so much money was needed, a mere trifle, of nearly \$100,000,000 to run the State the next biennium, and were adjured to find sources from which it could be obtained. All possible sources available and discoverable were tapped, and then recourse was had to that old and convenient custom of levying an income tax.

As a result, we the people of the State of California will be forced to disgorge an estimated sum of \$21,000,000, the rate being based on one-fourth of that levied by our good Uncle Sam.

I am rather curious to see what the reaction of the people will be when they are forced to dig down into their jeans twice on income taxes, "once for the national and again for the state government. Judging from the wild wall that always accompanies such federal payments, I apprehend that no chorus of jubilation will sound throughout the State. If the clamor or approaches in volume that which has signalized the sales tax, it will be necessary to stuff up our ears with cotton.

However, we will endeavor to render unto Caesar the things that are Caesar's no matter how painful the process may be.

**Another Legal  
Victory Scored  
By Local Firm**

MARTINEZ, June 27.—The Richmond firm of Tom Carlson and Robert Collins added one more to their long string of legal victories when a jury this afternoon awarded the plaintiff \$3,000 damages in the personal injury suit of Eugene E. Hamblin against Frank McGee and the Marshall Steele Company.

It was claimed that the boy suffered a broken jaw and other injuries on March 28, 1935, when a bicycle he was riding was allegedly struck by a laundry truck driven by McGee.

The jury was out about two hours. Immediately after the conclusion of arguments of the above case Henry Van Ryn, 37, was placed of trial charged with driving an automobile while under the influence of liquor.

Her playmates rushed her home and her father took the child to the hospital where she was treated by Dr. L. H. Fraser.

**HUGHES' KIN  
IS MURDERED  
IN NEW YORK**

DETROIT, June 27.—UP—Howard Carter Dickinson, nephew of Chief Justice Charles Evans Hughes and a prominent New York attorney, was murdered and robbed early today and his body thrown from a speeding car, police believed tonight.

First reports following discovery of Dickinson's body on a roadside near a populous thoroughfare in River Rouge Park, indicated the two gunshot wounds which resulted in his death might have been accidental.

A coroner's inquest later found that Dickinson might have died from either wound. The lack of a suicide motive and failure to locate a gun strengthened police belief in the murder theory.

Dickinson's body was found before dawn. Inspector John L. Navarre of the homicide squad made the identification after checking the victim's clothing and a watch, still running, which was found in a trouser's pocket.

**BODY IDENTIFIED**  
Identification, made tentatively by checking New York authorities, was confirmed when two Detroit lawyers, with whom Dickinson had an appointment today, went to the county morgue to view the body.

The attorneys said that a description of the victim in a Detroit newspaper, led them to believe it was Dickinson.

An exception would be made for those who could establish to the satisfaction of the Immigration Bureau that they were occupied in useful work and did not intend to "absent" themselves permanently. Earlier in the week Cannon offered a bill to tax the wealth of helmsmen who marry foreign noblemen, "either fake or real."

After a careful survey and discussion of numerous projects suggested, the committee decided on the following work as having the most lasting worth to the county as a whole and have been agreed upon, pending approval of the San Francisco State office.

**NOT ENOUGH SIDEWALKS**  
First it was found, from a report of Earl Spitzer, chairman of the Contra Costa County National Safety Council, that a large percentage of traffic fatalities in the county were caused through the lack of sufficient sidewalks along the school zoning districts of the county. SAN FRANCISCO, June 27.—UP—The Waterfront Employers Union tonight warned W. J. Lewis, district president of the I. L. A., that its working agreement with the local unions would be terminated unless longshoremen returned to work aboard the steamer Point Clear, Thomas G. Plant, president of the Employers Union, issued the warning in a telegram sent Lewis at Portland.

Plant charged that refusal of longshoremen to handle cargo aboard the Point Clear was unjustified. The vessel had been tied up since June 22. Longshoremen have refused to pass through picket lines established by maritime unions.

"There is no dispute between operators of this vessel and any seafaring employees working aboard her," Plant said. "There are no demands from any unions having any dealing with the operators. There is nothing to discuss."

**BROTHERS IN  
THREE WEEK  
PLANE HOP**

MERIDIAN, Miss., June 27.—UP—Algene and Fred Key made good today in their third try for an endurance flight record.

The flying brothers claimed a new world record for refueling endurance flight at 3:53 1/2 P. M., CST, when their Curtiss Robin cabin monoplane had been in the air for 54 hours, 44 minutes and 30 seconds.

**FEEL FINE**  
They had equalled the old record, set at Chicago on July 4, 1930, by John and Kenneth Hunter, an hour earlier, but needed the extra hour to claim a new mark.

The young brothers—Al is 28 and Fred 25—radioed to the ground that they "felt fine" and probably would keep on flying "for two or three weeks longer."

**IN AIR 3 WEEKS**  
After more than three weeks of continuous flying above the Meridian airport where the brothers conduct a flying business, the 175 horsepower Wright J. motor that powers their "Old Miss" plane was functioning perfectly.

The jubilant brothers were freshly bathed and shaved, and dressed in fresh clothes let down on a rope from their refueling plane this morning.

**ROAD HOUSE  
OWNER DIES  
FOR MURDER**

OSSINING, N. Y., June 27.—UP—As calmly as though she were presiding at her dinner table Mrs. Eva Coo sat in the Sing Sing prison electric chair late tonight and was executed for the insurance murder of crippled Harry Wright, her roadhouse handyman.

The 43 year old murderess walked coolly in the execution chamber and was swiftly strapped into the same death chair in which Mrs. Ruth Snyder was electrocuted.

**SWITCH THROWN**  
Executioner Elliott threw the concealed switch and the still while "Little Eva" stiffened as the fatal current snuffed out her life. She was pronounced dead at 11:07 P. M. EST.

An ultimatum effect has been handed down by the transportation commission, a bridge executives and the city attorneys.

The two companies have been advised that their contract for use of the bridge will be for short terms only and will be revocable should public operation of interurban lines be deemed.

Chief Engineer C. H. Purcell today disclosed that transportation facilities for the huge bay span will cost almost a half million dollars. Bids were opened today. All electric and mechanical work and American Building Maintenance company jointly submitted the lowest bid, \$442,929, nearly \$150,000 less than engineer's estimates.

**New Treatment  
Of Cancers By  
X-Ray Revealed**

SAN FRANCISCO, June 27.—UP—Deep therapy treatments with super X-rays have produced remarkable results in cancer cases, Dr. O. A. Nelson, Seattle, Wash., reported to the American Urological Association convention today.

Dr. Nelson said that the X-rays "when delivered from a super-power unit, can, in highly malignant cancers, bring about results that are not obtainable by other methods."

He advised, however, that cancer treatment in a majority of cases should be based on other methods, such as surgery.

Sufficient time has not elapsed, he reported, for any final conclusions to be drawn regarding effects of the deep ray treatment.

## ORONITES WIN FROM CALOLS IN ESSO LOOP

Collecting 12 hits off the orlonites of Steingraffe and Nelson, the Oronites added another victory to their string in the Standard Oil Twilight League last evening when they annexed an 8-5 victory from the Calols.

Timely hitting by the Oronites, including a homer in the sixth inning by Stewart, gave the team its victory after the Calols had taken what appeared to be a commanding lead in the second inning.

The Oronites broke the tie in the second inning. Fitzgerald drew a walk and Gillian hit to score him.

The Calols came right back in their half of the second inning and scored four runs. Carter hit and Bonham homed to score Carter ahead of him. Busa then doubled and too third on Snave's bunt. Olsen was safe on a fielder's choice as Busa scored. Lamarr sacrificed to advance Olsen and White walked. Wilson hit to score Olsen. Archer and Stradler were easy outs to end the inning.

The Oronites tied up the score in the fourth inning. Gillan was out on a long fly. Cola and Gabbins hit and Saavely was out. Nelson then stepped into one for a single. Fitzgerald juggled the ball in right field and two runs scored. Nelson scored on Gelsberger's single.

One more run was scored by the Oronites in the fifth inning. Stewart doubled and came home on Cola's double.

In the sixth inning the winners scored three more. Saavely and Nelson hit and scored when Stewart got a home run.

## Speaking Of Sports

ST. LOUIS, June 27.—UP—World Series horses are soon to be ridden by a team of four. The team is the World Champions' Cardinal team, that of 1924 is all the more so.

The recent shift that sent Earl "Sparky" Adams, former star third baseman, to the Cardinals, to Columbus of the American Association, promised wonder as to what has become of Cardinal stars of other years.

Adams, named to the National League's Hall of Fame in 1931, had a fielding record that year of .992, and batted .293. He developed a serious knee injury in 1932 and quit the game for a time. He next appeared with Rochester in the International League after which he was traded once or twice more, finally going to Columbus.

Most in Minor Leagues

Other members of that team today in the minor leagues are: Earl Grimes, manager of the Bloomington, Ill. team; Tony Kaucus, Rochester; Jim Lipsey, Atlanta; Flint Kham, Syracuse; Joe Bonas, Charleston, S. C.; Eddie Delfino, Columbus; Deane Flowers, Rochester; Andy Bush, manager, Hazleton, Pa.; Ray Blades, manager, Columbus; Galt Street, manager, San Francisco; and others who led the Cardinals in the 1931 series.

High, 1931 infielder for the club that year led all third basemen in fielding with a 1,000 percentage in 23 games. He handled 39 chances without a miscue at the far corner.

Four Qrit Baseball

Four members of that 1931 team have retired. They are infielders Joel Hunt and Lee Cunningham, and outfielders Taylor Douthitt and Willie Roetzer. Roetzer is coach of the baseball at the University of Illinois and Douthitt is selling real estate in Oakland, Cal., and home town.

Seven Cardinals of that year are still wearing the Red Bird on their shirts. They are Jack Haines and "Wild Bill" Holahan, pitchers; Jim "Rip" Collins, Charley Gelbert and Frankie Frisch, now manager, all infielders and "Poppy" Martin and Ernie Osnott, outfielders.

Opponents Get Others

Still others of that team are wearing rival National League uniforms. They are Paul Derringer and Jim Bottomley, Cincinnati; St. Johnson, Jimmy Wilson, manager, and George Watkins, Philadelphia; Alvin Stone and Gus Mancuso, W.P.A. New York.

Another 1931 Cardinal, Charles "Chief" Haffey, was until June 7, with Cincinnati. He quit the club without explanation. Owner Larry McPhail announced his salary was stopped and that he had been fired. So, although Dizzy Dean today may be the greatest hurler in the major leagues, tomorrow's youth may be saying, "Dizzy Dean? Who's that guy?"

## Americans Are In Finals Of Golf Tourney

MURFIELD, Scotland, June 27.—UP—The British open golf championship shook down to a three-man fight today, with Charles Whitcombe, illustrious member of an illustrious English golfing family, as the man to beat in tomorrow's final rounds.

Whitcombe, veteran former Ryder Cup captain, today carded a record-equaling 68 for a half way aggregate of 139, to stand three strokes ahead of his closest followers, Henry Cotton of Belgium, defending champion and Alfred Padgham, another veteran British pro, each with a 142. Padgham had a par 72 today, while Cotton, who yesterday set the course record of 68, slumped to a 74.

While hopes of an American triumph were not abandoned, they took a terrific cutting around today. The great show of the second round was the 77 carded for old Mac Smith of Glendale, Calif. He scored a 77 today and at 146 stood seven strokes out of the lead. Tied with him was Lawson Little of San Francisco. Little played a neat round of 71 to partially offset the chance-wrecking 75 of the opening round.

Carrying the principal hopes of America was Henry Picard of Hershey, Pa., who followed an opening par 72 with a 73 today, for an aggregate of 145.

Miss Ruth Miller declared her brother-in-law came home a bit the worse for wear, just before the recent bout at Yankee stadium, New York. When it was not being broadcast, he proceeded to smash the radio.

And then, not content with that, he proceeded to work out on her, she declared. Armed with an assault and battery warrant, two San Francisco policemen today are looking for William Silver, of 4417 Seventeenth street.

he said, would be impossible because of the pressure of other business now before the committee and the necessity for careful study of the President's proposals.

Consideration before that time.

Consideration before that time.

## BEAR CREW TO SEEK RECORD AT BIG LAGOON

LONG BEACH, June 27.—UP—Six boatloads of harried chested men from three Eastern and Western crews will glide over the salt water lagoon known as Marine stadium tomorrow in the first race of the second inter-legiate sprint championships.

Unless an upset occurs, Washington, California, Syracuse and Pennsylvania will enter the final race Saturday with Wisconsin and University of California at Los Angeles eliminated in the heats.

For many sports followers, however, the main race will not be between the Eastern and Western boatloads, but between California and a ghost galley.

Although not entered in the regatta and thus out of miles away, a phantom crew of Latins will be pacing the favored California boat.

The Golden Bears from Berkeley will envision again Italy's great Olympic Games crew of 1932 which set the 2000 meter record of six minutes, 28.2 seconds in a trial spin over the same Marine stadium course.

Four times since the 10th Olympiad has California taken to the water here and tried to break the Italian mark.

But every attempt was a failure.

Tomorrow Coach Carroll "K" Ehlright's forty rowers make their fifth challenge against the Italian mark.

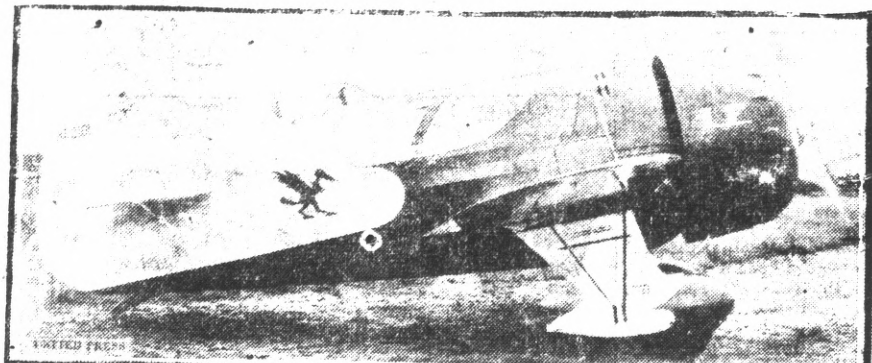

Accompanying them were three other Californians, Helen Jacobs, Mrs. Moody's old rival, and the two Davis Cup youngsters, Donald Budge and Gene Mako.

America's lone singles casualty of the day was Johnny Van Ryn of Philadelphia, veteran Cup doubles ace, who bowed to Fred Perry of England, defending champion, 4-6, 6-4, 6-3, 10-8. Wood humbled David Williams of Wales, 6-3, 9-7, 6-3.

Five other seeded stars besides Perry and Wood scored third round victories as the men's field was sliced to 16. Baron Gottfried von Cramm of Germany defeated Josef Caska, Czech Cup player, 6-1, 8-6, 6-4; Roderich Menzel, Czechoslovakia, defeated Giorgi Palmieri, Italy, 10-8, 6-0, 6-4; Bunny Austin, England, defeated Walter Musgrove, South Africa, 6-3, 6-0, 3-6, 6-4; Jack Crawford, Australia, defeated Ladislav Hecht, Czechoslovakia, 11-9, 6-4, 6-3, 6-2, and Christian Bousset, France, defeated Emil Grahowitz, Hungary, 8-6, 6-3, 6-4.

WIMBLEDON, Eng., June 27.—UP—Mrs. Helen Wills Moody of California and Sidney B. Wood, Jr., of New York, America's chief hopes in the all England tennis championships, moved another notch toward the finals today.

Accompanying them were three other Californians, Helen Jacobs, Mrs. Moody's old rival, and the two Davis Cup youngsters, Donald Budge and Gene Mako.

America's lone singles casualty of the day was Johnny Van Ryn of Philadelphia, veteran Cup doubles ace, who bowed to Fred Perry of England, defending champion, 4-6, 6-4, 6-3, 10-8. Wood humbled David Williams of Wales, 6-3, 9-7, 6-3.

## BOSTON CLUB MAY BE SOLD TO FILM STAR

NEW YORK, June 27.—UP—It seemed like an odd-on bet tonight that the beleaguered Boston Braves will be sold within a few days to a combination headed by the millionaire O'Malleys of Boston and bolstered by wide-mouthed, wealthy Joe E. Brown, the movie comedian.

Lengthy conferences today between President Ford C. Frick of the National League, Charles D. O'Malley and Brown pushed the sale near to completion. It is generally believed in baseball circles.

Charles D. O'Malley and his attorney William S. McCallum representing the O'Malley associates with financial interests in 243 companies throughout the United States, had a three-hour huddle with young Mr. Frick, during which the past financial record of the Braves and their current embroilments were examined with microscopic thoroughness.

O'Malley and McCallum then returned to Boston, "thoroughly satisfied and brimming with optimism." Whereafter Frick and Brown whispered together in a two hour

## To Hold Hearing On Lottery Plan

WASHINGTON, June 27.—Representative Kenney, D. N. J., will seek a vote this session on his plan to establish a national lottery and "take a billion dollars a year away from racketeers and gamblers."

He said today a House Ways and Means subcommittee would begin hearings Friday. The lottery would be patterned after Cuban lotteries with prizes offered monthly or even oftener.

tete-a-tete, and when the star of many goofy baseball flickers departed his well-known countenance was almost severed with an ear to ear grin.

## LUTHERANS TO SPEND BIG SUM FOR MISSIONS

CLEVELAND, June 27.—UP—Thousands of dollars will be spent by the Missouri Synod of the Lutheran church during the next three years in expansion of missionary work, both home and abroad.

Delegates to the Synod convention, in session here, voted today to spend \$70,000 for missions in South America, and an additional \$15,000 for construction of a church in Rio de Janeiro, Brazil. Many of the delegates to the convention are from South America and Africa.

The convention also decided to extend its missionary work to Africa for the first time, where the denomination has 19 congregations. The Rev. O. C. A. Boecler of St. Paul, Minn., was appointed to take charge of missionary work in the continent, with headquarters at Ivesikeo.

Delegates voted to reinstate Dr. Adolph E. Rux of India, who has been suspended from the denomination because of a paper he delivered on prayer, interpretations of which were not acceptable to the church.

Another mission problem before the convention was whether the Diety should be referred to as "Shen" or "Shandi" by missionaries to China.

Action to bring the Missouri Synod into closer relationship with other Lutheran denominations was taken when the convention accepted the report of the committee on interdenominational relations to appoint a committee to consider the question together with committees from the American Lutheran church and the United Lutheran church in America.

SEATTLE, June 27.—Edwin P. Geaguo, San Francisco writer, and his wife, Helene, virtually were forced to leave Japan, they said here upon arriving yesterday aboard the liner President Jefferson, because they were harassed by military police when they sought to investigate conditions under which Japanese goods are manufactured and shipped to America.

He said they were forced to keep continually on the move by soldiers who informed them they could not live at the place they were staying but refused to give a reason.

## Rentals Not To Be Subject To State Sales Tax

SACRAMENTO, June 27.—UP—Rentals of houses, buildings and other tangible property are not subject to the new three per cent sales tax which becomes effective Monday, July 1, officials said today. Under another legislative measure, however, rentals which can be interpreted as actual sales will be subject to taxation. Tires, accounting machines and certain kinds of electric signs are sometimes rented indefinitely instead of being sold outright. The board of equalization will be empowered to regard such transactions as sales and collect a three per cent tax.

Still another act of the legislature permits taxation of the privilege of selling, renting or leasing tangible personal property. The board of equalization thus has direct access to organizations which rent tires, signs and other commodities.

## ROAD HOUSE OWNER DIES FOR MURDER

(Continued from Page 1)

Mrs. Coo had been held for ten months, during which time she faded from a buxom blonde to a crumpled, disheveled, grovelling woman. She lost 10 pounds since a rural jury indicted her in the \$12,000 insurance killing of the crippled Wright.

### SAYS GOOD BYE

Mrs. Coo was led into the death chamber clutching a handkerchief in one hand, calmly surviving the 30 witnesses and newspapermen assembled in the brightly lit room.

"Good bye, darling," she said in a low voice to the matron, Mrs. Carrie Stevens, one of the prison officials who stood in front of her.

### BRIGHT DRESS

Her pudgy hands did not tremble in the slightest as attendants buckled the straps. One of the straps was fastened too tightly and the former road house queen muttered a mon.

"Little Eva" wore a blue crepe dress, trimmed with red and blue flowers and a red tulle collar at the neck.

### BRUTAL MURDER

Wright's murder was one of the most cold blooded Oregon county ever knew, according to trial evidence.

Eva and Martha Clift drove the crippled husbandman to a lonely spot near Cooperstown, "haunted house." As he climbed out of the car, Eva smashed his skull with a wooden mallet. He fell in front of the car and Martha drove over him several times.

### GAVE EVIDENCE

Police at first believed Wright was a hit and run victim, but clues pointed to the two women. They were arrested one week later.

Martha turned state's evidence and escaped with a second degree murder conviction. She received 20 years to life and is now in prison.

Martha's testimony would have been almost worthless but for the corroborations of Mr. and Mrs. Benjamin Hunt and Mrs. Eva Fink, daughter of the owner of the "haunted house."

### WOMEN SEEN

They testified they saw the two women at the scene of the crime. Eva, known as "Little Eva," and "Roadhouse Eva" was something of a mystery to Cooperstown residents. Throughout prohibition she maintained a roadhouse, well patronized by county politicians and town "swells."

"I only wanted to talk," Eva said again and again at her trial.

Eva ran away from home in Hahurton, Canada, at the age of 17 to marry a railroad man. She lived with two other six months and collected \$14,000 insurance when their house burned. Finally she settled down on a farm in New York.

### FIRST VICTIM

With Mrs. Clift as hostess she entered the roadhouse business. At her trial it was testified: "No matter how much a man had when he went in, he was sure not to have any of it when he came out."

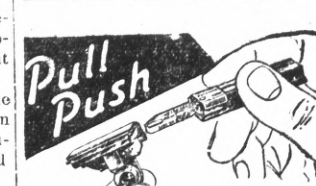

Jesse Leuck was the first handyman. He was found dead after a quarrel one night but both police and Eva called it suicide.

### PROTESTS INNOCENCE

On the way to the death house at Sing Sing, Eva was cool. She laughed as she passed through the big doors.

"Well, here I am," she went constantly, protesting her innocence.

The employees were among those who were not eligible for the probationary period ending August 29, not having served six months continuously prior to December 29, 1931.

## Harry Bridges Is Blamed For Accident Cases

SAN FRANCISCO, June 27.—UP—Waterfront employers and Harry Bridges, stormy petrel of the local International Longshoremen's Association, are at another dispute over marine employment conditions today.

The Accident Bureau of the Pacific Coast Marine Association issued a report showing a 50 per cent increase in mishaps since the National Longshoremen's Board awarded last summer, ending the 1931 marine and general strike.

Spokesmen for the Waterfront Employers' union blamed the accident increase on a general deterioration of discipline in longshoremen's ranks under present radical control of the I. L. A.

"There are 50 percent more men employed on the waterfront now,"

replied Bridges. "There is a greater turnover of men as the six hour day is strictly enforced."

## Woman Jailed For Mistreating Dog Is Freed

SAN RAFAEL, June 27.—UP—Mrs. Albert Ley, ordered to pay a \$50 fine or spend 25 days in jail following conviction on charges of treating a pet dog with undue cruelty, chose the jail sentence. She was found guilty of dragging the dog almost two miles after it fell from a riding perch on her automobile.

"I'll show my husband how much work I do around the house," she said, explaining her choice.

Today, second of his wife's term, the husband paid the fine, and Mrs. Ley was back home tending to her 20 goats and 200 chickens the couple own.

## POLITICS ON HARBOR BOARD UNDER PROBE

SAN FRANCISCO, June 27.—UP—Political "powers" advised him regarding appointments, but political plums were not passed out by the State board of harbor commissioners, Patrick W. Meherin, board president, told a State Senate investigating committee today.

Meherin indignantly denied having a large number of his own relatives on the board payroll, insisting that he had only a brother-in-law, Joseph Cereghino, in his employ.

He revealed, however, that he considered one subordinate officer "a tower of political strength," a watchman employed by the harbor, who also said "was one of Governor Meherin's original sponsors," who received his job on recommendation of Thomas Foley, head of the Veterans Welfare Bureau.

Meherin expressed lukewarm, downright cool opinion of the State's new civil service law.

"There used to be some political maneuvering on the board, but not now," he said.

"What does a man who runs an office have to offer in the way of patronage now?" he queried.

The "tower of political strength" Meherin said, was Capt. Geo. Brown, retired fireman with a \$1 monthly city pension who draws \$225 a month in addition as superintendent of rentals for the harbor. Meherin said that Brown "has 7,500 people a month."

"I'd like to have him in a political machine if I had one," board president opined.

### MISS WELBORN WILL BE WED IN MEXICO

The steamer Yale, leaving San Francisco yesterday afternoon, was a ship of romance as it carries Miss Marjorie Welborn on a voyage that will end in matrimony in the colorful and picturesque environment of the famous Acapulco, Mexico today.

When the ship docks at Los Angeles, Miss Welborn will be greeted by the prospective bridegroom, Jack Langhorne, and a party of his intimate friends, and then they will drive to the famous Mexican resort where the ceremony will be performed and a sumptuous nuptial repast served in celebration of the event.

The couple will make their home in San Diego during the honeymoon period, it being their intention later to acquire acreage in the famous Santa Fe Rancho in San Diego county and make that spot their permanent home.

The bride is the charming daughter of Mrs. Jesse and Thomas Welborn of Santa Cruz. For the past eight years she has been a valued employee in a responsible position with the Record-Herald in the circulation department, during which time she made a host of friends in Richmond.

The groom is a former Packard auto dealer of Berkeley and is a graduate of the University of California.

Her voyage was wished the bride-to-be by a large number of girl friends when the boat sailed, accompanied by showers of rice and the time-honored assault of good shoes.

### EAGLES LODGE INITIATES AT BUSY MEETING

## GIRL SCOUTS ACTIVITIES

On Sunday, June 23, the opening day of Camp Far-Away-Mine, the Richmond Girl Scouts presented the "Blessing of the Camp" ceremony, and everyone enjoyed it.

The three Scouts who took the speaking parts were Mary Jo Wharton, Troop 2; Betty Jean Caffee, Troop 4; and Faye Chinitz, Troop 1. The camp is divided into three units: the Cedars, high school girls, of which Eleanor Gray and Margaret Coppinger are members; the Manzanitas, junior high school girls, of which Violet Williams, Shirley Hooper, Mary Jo Wharton and Elizabeth Young are members; and the Kit Kats, to which Betty Reynolds, June Bonacorso, Betty Jean Caffee and Faye Chinitz belong. Our director, Mrs. E. E. Greeley, is in charge of the singing and dramatics.

On Monday and Tuesday, Troop 9, of Bethany Chapel, was busy engaged in making cookies for the cookie sale, at the home of the leader, Mrs. Vivian George. The object of the sale was to get groceries for each girl in the troop.

Each girl made over a hundred dozen cookies, with the assistance of Mrs. George, Mrs. W. E. Anglin and Mrs. C. R. Wollson, who also helped deliver them. In celebration of the success of the sale, the girls, with their leaders Mrs. George and Mrs. Wollson, are to have a picnic and winning party Friday at the Red and Gun Club.

Remember that every Girl Scout who comes to camp on Monday, July 1, must be wearing greenies, and absolutely must have her fee for registration fee, to cover the cost of handkerchief material.

Will all those who wish copies of the Western Woman, the magazine devoted exclusively to Girl Scout activities and Little Houses, in the last issue, please call at the Little House soon, as there are a limited number of copies on hand. There is a picture of our own House and an article about it. This magazine is as interesting to girls as leaders.

## Lady Nicotine Devotees Are Given Warning

SACRAMENTO, June 27.—A general order to all members of the California Highway Patrol to co-operate with state and federal authorities in the prevention and suppression of fires during the coming fire season was issued today by Chief E. Raymond Cato.

The order gave special instructions for the rigid enforcement of the law prohibiting the throwing of lighted cigars, cigarettes, matches or other burning material from moving vehicles.

Patrol officers will give their services in the event of fire for the purpose of patrolling roads through burning areas, providing escorts to emergency crews being rushed to the scene of the fire and giving such other assistance as may be necessary.

They also will give their assistance and co-operation to all municipal district or county fire prevention bodies.

Cato's bulletin to the officers called attention to the unusual fire hazard this year created by late spring rains which cause an unprecedented growth of weeds and underbrush.

Persons caught throwing lighted cigars or cigarettes from moving vehicles will be charged with a misdemeanor.

## STATE DENIES ALL CHARGES BY T. MOONEY

SAN FRANCISCO, June 27.—UP.—The State of California today entered its answer to Tom Mooney's charges that he was convicted of the 1916 Preparedness Day bombing on perjured and "framed" testimony.

State Attorney General U. S. Webb presented the answer to the State Supreme Court in its first hearing on Mooney's petition for a writ of habeas corpus, based on his perjury charges.

After a brief hearing, the court continued the hearing to July 3 to permit Mooney's Eastern attorneys time to reach San Francisco and present in detail the alleged evidence on which the habeas corpus action is based.

Webb denied, point by point, the allegations in the famed prisoner's petition. He contended further that he "has information which leads him to believe that the witnesses Frank Oxman, John McDonald, and Millie and Sadie Meau testified truthfully and

honestly to that which they believed true."

It was the testimony of Oxman, a rancher, and McDonald, a waiter who later repudiated his statements, that contributed chiefly to Mooney's conviction.

Webb also denied that Charles M. Fickert, district attorney who prosecuted the case involving Mooney and Warren K. Billings, or any of his assistants "knowingly presented any perjured evidence."

Mooney was not in court for the hearing. His wife, Mrs. Rena Mooney, and his sister, Anna, were present. They were accompanied by Madeline Welland, a cousin of Billings. George T. Davis, Mooney's local attorney, represented him today.

The court's hearing on the petition came after an 18 year battle by Mooney to gain complete vindication.

## Justice Loses In Court Fight To Halt Ouster

LOS ANGELES, June 27.—UP.—Efforts of attorneys for Appellate Justice Gavin W. Crane to halt quo warranto proceedings seeking his removal from office had failed today and the State continued its battle to obtain his ouster.

Superior Judge Ben C. Jones directed the proceedings to continue, although defense counsel argued that the State Constitution provides only three ways to vacate an office—joint resolution of the Legislature's two Houses, impeachment by the Senate and recall.

## Roosevelt Will Seek More Help For U. S. Farms

WASHINGTON, June 27.—President Roosevelt said today he believed Government aid was absolutely necessary to obtain parity for farm prices.

He spoke in response to an inquiry at his press conference, saying it had been demonstrated by many past years that Government assistance was necessary.

Parity is regarded as the price which will raise major agricultural commodities purchasing power equal to that which they had in the pre-war period of 1909 and 1914.

President Roosevelt also said he thought pending legislation to away with hidden bars in the District of Columbia was a good idea.

## Man Is Badly Injured In S. F. Apartment Fire

SAN FRANCISCO, June 27.—One man was believed dying from burns received in a fire here last night

that routed six families from a three-story apartment building at 2641 McAllister street. Two babies were saved because of a "hunch" of their parents.

Severely injured, James Fanning, 30, in whose second floor apartment the fire was believed to have started was treated at Park Emergency hospital.

His wife and son, James Jr., were visiting Mrs. Fanning's mother, Mrs. Julia Manning, 2201 Fulton street, when they heard fire sirens. Running home they found their own building aflame.

## HUGHES' KIN IS MURDERED IN NEW YORK

(Continued From Page 1)

Heve the dead man was the New York attorney.

### WATERS ON BODY

Police, convinced that robbery preceded the murder, could not explain why the expensive watch carried by the victim was left on his person. Information from New York was that the 50-year-old attorney had come to this city with several thousand dollars.

Dickinson, it was reported, had made several recent trips to Cincinnati before he came to Detroit.

### PAPERS FOUND

Papers found in his hotel room reportedly revealed he was attorney for an Elizabeth Canning in a lawsuit while other papers showed he had transacted business with Charles Evans Hughes, Jr., son of the justice and his cousin.

Other papers found among the attorney's personal effects in his hotel room included correspondence with Albert D. Osborn, handwriting expert who testified at the murder trial of Bruno Richard Hauptmann.

### Contract For Huge Plane Is Awarded

WASHINGTON, June 27.—Secretary Swanson today awarded a \$445,000 contract to Igor Sikorsky for a huge experimental naval patrol plane.

Officials said it was similar in design to the S-42, now in service on Pan-American Airways' line to Hawaii with a wing span of 110 feet and a length of 60 feet.

## County Schools Will Benefit Under Plans Of Relief Committee

(Continued from page 1)

Walnut Creek and Martinez.

### BRENTWOOD HEALTH CENTER

Another proposal was to fill the long felt need of a Health Center in the far eastern corner of the county, at Brentwood. This work will be patterned after the Richmond Health Center, considered a model of its kind, to insure the proper care of the young, normal health for everyone, and rehabilitation of the needy in that section of the county. The Brentwood Health Center for which a large percent of the material cost and all of the labor will be provided by SERRA, should stand as a monument to the active interest and deep-rooted concern for and anxiety to help the needy in the Emergency Relief Administration in Contra Costa county.

### TENNIS COURTS HERE

A third project will call for the construction of two tennis courts at Nicholl Park, in Richmond.

### PITTSBURG IS FAVORED

Another project will call for the building of hand-ball, volleyball and horseshoe courts in Pittsburg. A recent SERRA survey of recreational facilities at schools and parks within the county showed a deplorable lack of sufficient mediums for the youngsters' recreation, and in most rural communities, a feeder or a swing was found to be the complete equipment.

The assurance of this condition has already been foreseen with another grant of SERRA materials and labor for the installation, at 27 of the outlying schools and play area of the county, of horizontal bars, basketball standards, volleyball standards, tetherball standards, baseball backstops, handball backboards and box hockey facilities for the older children and a variety of games such as quoits, croquet and checkers for the youngsters.

LASTING GIFTS  
The committee felt that these projects, if approved, stand as the

lasting gift of the SERRA, a recognition of the needs of the community and the county for the betterment and rehabilitation of the individual therein, and an exemplification of the real concern of the SERRA for Contra Costa county as well as an attempt to do the most good for the most people in the county over a period of time.

### WAIT FINAL O. K.

The projects will be sent to San Francisco for final approval in the State offices of SERRA before work is begun. Labor and materials will be provided by SERRA, and the maintenance of the finished work rests with the county. Heretofore the county or local townships have sponsored projects and provided materials and supervision, with SERRA providing the labor.

The members of the Citizens Relief Committee, appointed for Contra Costa county by the State Relief Commission, and who met with Mr. Stout and his SERRA staff yesterday, included Anthony Crafton of Concord, chairman; L. L. Galbraith of Richmond, secretary; C. H. D. Neufeld of Port Chicago and A. D. Channing of Martinez.

## MR. ROOSEVELT ASKS BAN ON GOLD ACT SUIT

WASHINGTON, June 27.—UP—President Roosevelt sent Congress a special message today asking legislation this session to outlaw suits against the government over abrogation of the gold clause in Federal securities.

While the Supreme Court recently ruled that holders of gold clause securities could not demand payment at the rate of \$1.69 for every \$1 of their securities—to make in the amount the dollar was devalued—the decision indicated that bond holders who could show actual loss might have the basis of a claim. On June 15, in several cities, taxpayers offered gold clause bonds in payment of taxes at the rate of \$1.69 per \$1 of face value, but the treasury refused to accept them.

ASKS BILL  
To prevent any possibility of "pet" suits, a bill of private litigation to exploit the general public in the hope of a wholly speculative private profit, Mr. Roosevelt recommended immediate enactment of legislation:

1—That will authorize and direct the Secretary of the Treasury, at the request of the holders of gold clause securities of the United States, to make payment therefore in cash, dollar for dollar, with accrued interest, or at the holder's election, to exchange such securities for non-gold clause securities with the same interest rate and maturity.

2—That will terminate any consent which the United States may have voluntarily given to be sued on its securities, claims, or currencies.

3—That will affirm the fixed policy of the United States to make payment to all holders of its securities, claims and currencies on an equal and uniform dollar for dollar basis, and will make appropriations available for payments on this basis, and on this basis only.

After the message was read in the Senate Chairman Duncan U. Fletcher, Democrat, Florida, said his banking and currency committee would study the recommendations as soon as possible.

## BROTHERS IN THREE WEEK PLANE HOP

they exceed the record by James H. Skews, president of the Meridian Chamber of Commerce.

Their next immediate objective is to surpass the unofficial record of 647½ hours set by Dale Jackson and Forrest O'Brien at St. Louis, which was not recognized by the National Aeronautic Association because of faulty records. Thousands of persons gathered on the airport below the "Flying Keys" to cheer them on. Other airplanes owned by the brothers arrived sightseers aloft to watch them frolic in their cabin as they took to the "stick."

## Air Service To Australia Will Be Instituted

HONOLULU, T. H., June 27.—

UP—Proposals for establishment of a Honolulu to Australia airplane service gained impetus today from the report made by the officers of the Coast Guard cutter Itasca on their return from a survey of the proposed route.

The Itasca spent 17 days cruising between Hawaii and Samoa, surveying the Baker, Howland and Jarvis Islands especially.

William T. Miller, superintendent of airways in the Bureau of Commerce, reported that conditions on the Hawaii-Samoa leg of the proposed line would be better than those on the Honolulu-Midway leg of the Pan-American's California to China service.

## G-Men's Prisoners

HARMON WALEY and his wife, said to have confessed the kidnaping of 9-year-old George Weyerhaeuser, are shown as they were returned by Department of Justice agents to Tacoma, Wash., after their arrest in Salt Lake City. The trip was made by plane. Waley manacled, wears a white cap and his wife is being assisted down the steps.

## Firemen Unaware Of Their Danger

NEW ORLEANS, La., June 27.—

UP—When firemen extinguished the \$300 blaze that threatened to destroy the truck of Joseph Mitchell, they considered it a routine job.

Mitchell, who jumped from the truck when it caught fire and landed in the alarm, remained a block away while firemen fought the blaze with fire extinguishers. When it was out, they decided to check the damage to the cargo. It was \$300 worth of dynamite.

## PRESTON T. QUIT COURT FOR U. S. JOB

SAN FRANCISCO, June 27.—

John W. Preston, justice of the State Supreme Court for nine years, will resign that life-time position in September to become special counsel for the United States government in its fight to recover Naval Reserve oil lands in Elk Hills, California.

This became virtually certain as dispatches from Washington revealed that President Roosevelt had nominated Justice Preston as special counsel in the protracted litigation. He will succeed W. Carr Morrow, Seattle attorney, who died recently after prosecuting the Government's case for 19 years.

### ADMITS OFFER

Judge Preston, frequently mentioned as a likely appointee to the Federal bench, revealed yesterday that he was first approached last month in connection with the post. He went to Washington, conferred with Attorney General Cummings, and agreed to accept, effective September 1, he said.

"If my nomination is confirmed," he declared, "it will be necessary for me to resign from the Supreme Court."

Judge Preston declined to reveal what compensation the post of special counsel will carry, but said:

"The salary will be higher than that of Supreme Court justice. In addition, the position will give me time to engage in private practice."

As a member of the Supreme bench, he receives \$11,000 a year. Reports indicated that special counsel in the oil litigation will receive \$12,000 a year plus all expenses.
